Concentration: Information Technology
North Carolina State University, Raleigh

ENDORSEMENTS

“Will is a great learner and understands the importance of supporting the system users in a productive way by listening carefully and then making their experience with the systems they must use manageable for their needs. He is reliable, considerate, and his integrity makes him a valuable member of any team. His demeanor encourages others to “step up”, bringing out the best in team members and others he works with. Will really enjoys his craft and takes great pride in his mastery; these qualities will enable him to contribute at a high level throughout his career in IT.”

Timothy Wright, previous boss, Letter of Endorsement 9/25/2020

“Will is a very analytical thinker. His approach to problem solving and willingness to collaborate were invaluable to me when I took on managing the department. Will is always prepared to take on new challenges, even when they are in new areas or working with technology, he doesn't have a lot of experience with. I'd be excited to work with Will again in the future.”

Shawn Taylor, previous boss, LinkedIn 11/14/2020
